## Astrology Class for Teens

**Session One: mid July 2020 (6 weeks)**

**Session Two: early November 2020 (6 weeks)**

### Overview

Students will meet both privately and in group to expand beyond their current understanding of themselves, beyond the limits of merely their Sun sign. They will begin to learn how to read their natal charts from Sun through Saturn to understand more of who they are and what their soul seeks in its development and learning in this lifetime. Along the way, we will also explore the chart of a trusted family member to see how and what to honor and respect in the journey of another, how to show up in the respect of fostering the soul development of others, as is often our soul contract to one another in familial and friendly soul pods.

**\*\*\*Full fees are waived, for a modest donation per student to *URBAN TRAIKE of Madison, a local nonprofit focused on the success of black families in our community.***

### Goals

1. **Students begin to understand themes of how they think, feel, love, what they value and may apply their energies to.** In this, to explore what it feels like to be in alignment (upper emotional octave) with what their soul is seeking/learning and their potential emotions and feelings that rise when they are not in alignment (lower emotional octave). Most importantly, how to be self compassionate, self loving, and apply strategic tools of helpfulness to yourself and those around you.
2. **Students begin to see these themes in others and honor the journey of soul development in those around them:** In looking at the chart of another member of your

2

family, we will discuss how we can see and respect the journey of family and how to adjust language and love to honor and foster what is within the soul path of our loved ones.

## Specifications

4 hours private Zoom ( 3 for student, 1 for family member)

4 hours group Zoom

4 hours in person discussion and Q&A [Covid-19 mindful and appropriate]

## Enrollment and Administration

**Please contact me personally**, my contact info is above. Enrollment is limited to 7 students per session. Would like to engage with a parent prior to enrollment and subsequent donation to URBAN TRIAGE to ensure clarity and to more fully answer any questions. This also facilitates the exchange of needed contact information, birth information and study sheets.

## Inclusion

\*\*\*\*This class is predicated upon durable requirements of inclusion in loving higher consciousness of gender, sexual identity, BIPOC, culture, family structure and values, physical ability, the full spectrum of intelligence, and in respect that we all sit in unique places within our journey. We will stretch into our blindspots, support, respect and love one another, and do so, without tearing.

In peace and luv,

Rene' Heiden
